

## 5,000 Tons Of Bombs Dropped On Axis Lands By RAF Forces

London, May 15 (AP)—A four-day sweep by American bombers yesterday in the greatest force they have mustered in the war topped off two days of paralyzing, record-shattering aerial blows at German-occupied Europe from the east, south and west, and some observers here regarded the aerial offensive today as the curtain raiser for the battle for Europe.

British patrols kept the air offensive going last night with intruder flights over northern France. The Air Ministry said two enemy planes were destroyed and that railway targets and a supply ship were attacked.

In addition to sending out the greatest number of planes in a single day, the American Air forces engaged in a round-trip flight of more than 1,000 miles to blast the German Naval and submarine base at Kiel. It marked their deepest penetration of Europe.

In closely coordinated supporting attacks, American heavy units bombed the former General Motors plant in Antwerp and a large German airfield and repair station at Courtrai, in Belgium. Medium bombers made successful low level attacks on industrial targets at Velzen, near Haarlem, in the Netherlands.

**Huge Scale Bombing**  
The tremendous explosive power dumped from coastal France through Germany to German-occupied western Russia and on Mediterranean bases since Wednesday night can best be pictured by these figures:

When Hitler threw his aerial might at London in an effort to knock out Britain from the war, 7,500 tons of bombs were dropped during 94 raids.

In 48 hours, beginning Wednesday night, the RAF alone dumped almost 5,000 tons of explosives on German communication lines, factories and Naval bases.

**Double Previous Record**  
The weight of explosives dropped by American bombers in their unprecedented raids Friday, and of the Russian attacks Wednesday and Thursday on German rail and concentration centers in western Russia and Warsaw, have not been revealed. Neither have figures been made public on the heavy Thursday raids on Axis Mediterranean bases in Sardinia and Sicily, and on Naples, Italy.

The American mass and distance records followed up an RAF record for a single night's operations in which 3,000 tons of bombs were showered Thursday night on Berlin, the Ruhr valley and on Czechoslovakia, almost double the bomb load the RAF had delivered on any previous night. The RAF dropped more than 1,500 tons of blockbusters on Duisburg in the industrial Ruhr on Wednesday night.

**U. S. Loses 15 Planes**  
The round-trip flight of more than 1,000 miles to Kiel left targets there a mass of flames and smoke. Returning American pilots said their loads split the targets.

American announced losses in the day's operations were 11 bombers and four fighters.

The German radio in a broadcast recorded by the Associated Press said that 10 planes were shot down during the attack on Kiel.

Enemy losses were not announced, but one report said that a formation of U. S. bombers destroyed "a considerable number of fighters."

**Destroy Axis Planes**

A DNB broadcast from Berlin claimed that in all 30 Allied planes were shot down yesterday in raids over "occupied western territories and the northern German coast." Fourteen of the planes were American four-engined bombers, DNB said.

The RAF fighter command's night-raiding bombers damaged a 200-ton ship near the French coast and struck at communications and airfields in sweeps into occupied territory last night, the Air Ministry announced today, as the air offensive continued through on a subdued scale.

Two enemy planes were destroyed during the night raids.

## Carroll J. Redding Reports Stolen Car

State Police today sent out a teletype message to all stations in this area asking them to be on the look-out for a 1938 Dodge green coupe with the right rear fender crushed, stolen from Carroll J. Redding, 151 York street. Mr. Redding's car was stolen sometime between midnight and 6 o'clock this morning from in front of the Redding residence. Chief of Police Glenn Guise is also investigating.

## George Barbehenn Suffers Stroke

George Barbehenn, 79, near Orrtanna, veteran attendant at Farmers' market here, is confined to bed at his home following a slight stroke which he suffered Tuesday afternoon while planting onions. His condition today was described as slightly improved but still serious.

Mr. Barbehenn attended market here last Saturday. His stand in the local market house, usually laden with vegetable and flower plants at this time of year, was unoccupied this morning. He has been attending market here regularly for more than a quarter century.

## 89 MEMBERS ARE ENROLLED IN CHAMBER

The "future of the Gettysburg Chamber of Commerce was definitely assured" Friday night, when the membership committee reported that 89 members had been enrolled for 1943.

"The response of Gettysburg merchants and professional men to the drive was most encouraging," Chairman Ralph Z. Oyer said at the conclusion of the session held in the chamber offices on Baltimore street. "We have gained 55 new members and 34 of the former members have renewed their memberships. As a result the Chamber's future is definitely assured."

A number of additional members are expected to join within the next few weeks, solicitors reported. They pointed out they had been unable to contact a number of former members who had previously intimated their desire to continue in the group, and that they expected to see the men in the next few days.

**Promises to Join**  
A number of merchants asked for an extension of time to allow them to "think the matter over," and a number of others reported they would join "as soon as able," committee members said. Cards asking solicitors to "call back" at certain dates were shown by solicitors who said they will make the calls within the coming week.

With only 11 more memberships necessary to put the number up to the 100 mark, the committee decided to allow the drive to remain open during the next few weeks. They pointed out that anyone wishing to become a member may either call the Chamber of Commerce office or get in touch with the solicitor who previously called.

The committee reported 100 per cent membership from the town's drug stores, and an increase in the number of professional men belonging to the group.

Eight auto service establishments, both banks, the airport, many of the beauty parlors, grocery stores and hardware stores are members, the committee reported.

**Renewal Members**  
The list of renewals follows: Rea & Derick, Inc., Dr. Henry W. A. Hanson, Dr. B. N. Wolf, Burgoon & Yingling, Sherman's store, George M. Zerling, A. E. Hutchison garage, M. A. Hartley company, Peoples drug store, Gettysburg Throwing company, A & P store, The Gettysburg Times, Gettysburg Furniture company, Reaser Furniture company, Gettysburg Panel company, Reading Railroad company, Gettysburg Water company, Victor Products corporation (2), G. C. Murphy company, BPOE, United Telephone company, Metropolitan Edison company (2), Bender funeral home, Lippy's tailor shop, R. W. Wentz & Son, Citizens-Oil company, Nick Meligakes, Hotel Gettysburg. (Please Turn to Page 2)

**MAKE ROSTER OF WARDENS**

Compilation of a new list of air raid wardens in the borough was started Friday evening at the May meeting of the town council of defense held in the Legion building.

Resignations of a number of wardens who have moved out of town or have been called to the armed forces, and the addition of a number of new men to the force was reported by the various sector wardens.

Cards filled out by the wardens when they were sworn in recently, were turned over to Chairman Leroy Winebrenner together with call charts so that the compilation will be as complete as possible.

A number of regulations pertaining to activities of the control center were discussed by the council. Most of the regulations pertained to methods of calls and other organizational matters.

Plans for classes to instruct the new wardens were discussed but no action was taken.

Chairman Winebrenner presided.

## WILL COLLECT SALVAGE HERE ON WEDNESDAY

Gettysburg's second spring salvage drive will be held Wednesday evening starting at 6 o'clock, town salvage committee chairman Dr. J. Walter Coleman said today.

Members of the fire company will be in charge of the drive during which the committee will be seeking sufficient tin cans to complete the carload necessary before removal of the cans to a processing plant. Nearly a half carload has already been collected in Gettysburg.

Chairman Coleman warned today that only tin cans which have been cleaned and flattened with the lids inside can be processed. A number of cans were received during the last drive which, because they were rusty or improperly prepared could not be used, he said.

**Gather All Salvage**

The firemen will start from the engine house and make the rounds of the streets Wednesday evening, picking up salvage materials placed on the sidewalks in front of homes, Dr. Coleman said. The use of a number of trucks will be donated by local groups.

All manners of scrap are being sought during the collection, including tin cans, brass, steel, iron, or other metals, and rags.

Townpeople were asked to have the salvage materials on the sidewalks in front of their houses prior to six o'clock Wednesday so that the firemen will be able to complete the drive throughout the town during the one evening.

**School Drive Closes**

While the Gettysburg committee was planning to renew its drive this coming week, the annual school scrap drive came to a close today. While no immediate totals could be given on the results of the drive county chairman O. H. Benson said that partial reports indicate the drive will be as successful as last year's. Children in all schools in the county have been collecting scrap during the past month.

## SENIORS PASS SERVICE TESTS

Eleven Gettysburg high school seniors who soon will be 18 years old have been notified that they achieved "satisfactory" ratings in the Army-Navy college training program tests given at the high school here early last month.

If the boys subsequently pass physical examinations—and some of them already have received that approval—they will be subject to call upon reaching the age of 18. They are now in the enlisted reserve ready for call for the Army (A-12) or Navy (V-12) training programs which will be on a college level and will prepare them for important assignments in various branches of both services.

The youths who made qualifying grades in the Army examination include: Carl M. Taute, Jr., George Raffensperger, Donald Oyer, Joseph Smith, George Svarnas, Gaylord Fissel and Philip Ridinger.

Those approved by the Navy include: Andrew Larson, John Mitchell, George Boehner and James Stoner.

Recently Navy pre-flight procurement officers visited the high school and gave examinations under which other senior youths have qualified for early service. That group includes: Harold Fulton and Comer Alland.

**Customer Need**

**Not Buy Sherbet To Get Ice Cream**

The Office of Price Administration and Food Administration has ruled, according to the Associated Press, that retailers cannot require their customers to buy an equal amount of sherbet or other frozen confection in order to obtain ice cream. That rule has been enforced in some local ice cream stores for several months.

O. P. A. and the Food administration said they had received many complaints that dealers in certain areas require half-and-half purchases. They called this practice a clear violation of the prohibition against tie-in sales under the general maximum price regulations.

The Food administration added that there is nothing in its order limiting the use of milk and milk products in the manufacture of ice creams which would condone the tie-in practice.

"Manufacturers are allowed to manufacture combination packages of ice cream and sherbet, but can not force customers to take these new packages instead of ice cream or force customers to buy them to obtain ice cream," the two agencies said.

## To Get Degree

George W. Reisinger, English instructor at the Biglerville high school, who will receive the degree of Master of Arts in English at commencement at Western Maryland college, Westminster, on Sunday, Mr. Reisinger attended West Chester State Teachers college from 1930 to 1933 and received the Bachelor of Science degree from Shippenburg State Teachers college in 1938. He expects to be inducted into the Army in June.

George W. Reisinger, English instructor at the Biglerville high school, who will receive the degree of Master of Arts in English at commencement at Western Maryland college, Westminster, on Sunday.

## WOMEN'S PCBL UNIT TO MARK ANNIVERSARY

Plans for a program celebrating the 25th anniversary of the founding of the Queen of Peace Council of the Pennsylvania Catholic Beneficial league were completed Friday evening at a meeting of the committee in charge at the Battlefield hotel.

The celebration will be held in the form of a dinner and program at the Battlefield hotel Monday evening at 7 o'clock. Miss Mary Ramer, chairman of the committee will be toastmaster.

State officials of the PCBL and officers of the Father Corby council of the PCBL here have been invited. The Queen of Peace council, made up of women of St. Francis Xavier Catholic parish was formed in 1918 by the Father Corby council, men's organization of the PCBL. Mrs. Wilbur J. Stallsmith was the first president.

**Dinner Program**

Monday's program will open with singing of "America" and salute to the flag followed by invocation by the Rev. Fr. Mark E. Stock, pastor of St. Francis Xavier church. "The Chanters," a vocal organization of the Queen of Peace Council including Miss Madolyn Culp, Mrs. Fred Faber, Mrs. Noel Flynn, Mrs. Marie Robinson and Mrs. Marie McGlaughlin will present several vocal selections.

Mrs. Ralph Menchey, president of the group will give the address of welcome and Miss Mary Clare Mylne will present several vocal selections.

## 2 SEMINARIANS TO SERVE NAVY

Two members of the graduating class at the Lutheran Theological seminary—the Rev. George R. Brosius and the Rev. George Felder, Jr.—will enter a Navy indoctrination school at Norfolk, Va., next month, for a three-month course and then will go on active duty with the U. S. Navy as chaplains.

Three others had applied for similar service but their applications could not be accepted because the quota of the Lutheran church in the Navy chaplaincy has been filled. They expect to go into regular pastorates with the possibility that they may be called to the chaplaincy in a year or more when quotas may have to be refilled.

Messrs. Brosius and Felder and the three others went to Philadelphia early in March and were sworn into the Chaplain Corps of the U. S. Naval Reserve as ensigns. Commissions as lieutenants (j.g.) now await the two men called for duty.

Mr. Brosius is a native of Blacksburg, Va., and a graduate of Susquehanna university in the class of 1940. His home is in Johnstown. Mr. Brosius and Miss Doris E. Lippy of Gettysburg were married December 29.

Mr. Felder's home is in Oberlin, Pa. He was graduated from Gettysburg college in 1939. Last June he and Miss Cordella Rebecca Sheaffer were married.

Regular Legion meeting Monday evening, May 17, 8 o'clock P. M. Paul M. Rohrbaugh, Adjutant.

## 22 GRADUATED FROM SEMINARY FRIDAY EVENING

Twenty-two prospective Lutheran pastors received the degree of bachelor of divinity, Friday evening, at the 117th annual graduation exercises of the Gettysburg Lutheran Theological seminary, conducted in The Church of the Abiding Presence on the campus.

Dr. Abdel Ross Wentz, president of the seminary, delivered the baccalaureate sermon and conferred the degrees. Post graduate baccalaureate and master's degrees were given 14 ministers from Pennsylvania, Maryland, New York and New Jersey, many of them alumni of the seminary.

The degree of master of sacred theology was awarded to these men: The Revs. Robert Calvin Benner, Oberlin, Pa.; Harold Doebler, Lafayette Hill, Pa.; Myles Russell Smeltz, Potts Grove, Pa., and Harry Edward Zech, Fayetteville.

**Post-Graduates**

Post-graduate degrees of bachelor of divinity were conferred upon this group: The Revs. George Allan Clark, Frenchville, Pa.; Paul Frank Curfman, Newville, James Weir Emerick, Long Valley, New Jersey; Jerome Vincent Guss, Saxton, Pa.; Irwin Elias Heckman, Selingsgrove; John Taylor Keister, Jr., Hyattsville, Maryland; Frank Reginald Morton, New Kensington, Pa.; Robert Smith Nagle, Berlin, Pa.; John Calvin Stiff, Baltimore, and Harry Martin Young, Laurelton, Long Island, New York.

The members of the graduating class follow: Daniel Lane Bergstresser, Selingsgrove; Arthur Charles Boyer, Catawissa; George Robert Brosius, Johnstown; David Clark Burnite, Pittsburgh; George Felder, Jr., Oberlin, Pa.; Robert Forster Fisher, Williamsport, Pa.; John David Garhart, Altoona; George Lewis Garver, Camden, New Jersey; John Gensel, Catawissa; Samuel Lewis Koons, Harrisburg; Alfred Glenn Mower, Jr., Shiremanstown; Joseph Kemp Peaslee, Washington, D. C.; Donald Geiger Raup, Altoona; Otto Reimherr, New York city; Francis Edward Reinberger, Harrisburg; Richard Curtis Rife, Harrisburg; Glenn William Sachs, Gettysburg; Glenn LeRoy Stahl, Somerset, Pa.; Herbert Wilson Stroup, Jr., Harrisburg; Cedric Wilbur Tilberg, Gettysburg; George Mark Walborn, Millersburg, and John Bruce Weaver, Darlington, Maryland.

**"Know the Gospel; Preach It"**

In his baccalaureate address which he described as the "sixth" the seniors heard this week—he referred to the five Zimmerman foundation lectures by Dr. Walter Traub on "Effective Preaching" as five sermons brimful of admonition, instruction and inspiration—Dr. Wentz pressed upon the graduating class the "urgency" of the need for the preaching of the gospel in the world today.

"Go straightway and preach the gospel with all that it implies. The Christian message is urgent in your day," he asserted. "The world was never more in need of Christian ministry than it is today. Nothing but a revival of faith in God—a vital, aggressive, motivating faith—will cure the world's ills and satisfy the needs of its miserable millions."

He pointed to the life of Christ as one that was well-timed, that went off on schedule through the regular stages of a normal human life. Pointing to the long years of preparation for the comparatively brief ministry on earth, Doctor Wentz urged the young ministers to "take things in their appointed seasons" and to use opportunities as they are presented.

**Cedric Tilberg Sings**

"But don't wait for the perfect congregation to begin your active ministry. If you don't have a perfect congregation, take the one you have and preach the gospel straightway. If you don't have a perfect library, a church building like this one, a perfect church council, take what inspiration you can from the seminary and preach the gospel," he continued.

"Preach every sermon as though it were going to be your last. Utilize (Please Turn to Page 2)

**Rev. Leedy To Be Memorial Speaker**

The Rev. Paul D. Leedy, pastor of the Gettysburg Methodist church, has accepted an invitation to deliver the address at the annual G. A. R. memorial service to be conducted in the post room on East Middle street Sunday afternoon, May 23, at 2 o'clock.

Carrying on a G. A. R. tradition, the Sons of Veterans' officers will conduct the memorial ritual of the Civil War veterans at the service. In the days when there were surviving veterans black draped chairs at the front of the room indicated the number of comrades who had died since the previous Memorial Day.

The service is open to the public.

## War Board Probes Ten Deferments

Reports in ten deferment cases were presented Friday evening at a meeting of the USDA War Board held in the Farm Bureau building. One application for farm machinery was also considered.

All of the deferment cases had been referred to the local board by Selective Service boards for investigation. In most of the cases the investigations found that the youth in question was a bona fide farmer necessary for the conduct of the farm. In several instances the potential draftees were farm owners and operators.

Chairman Harrison E. Snyder presided.

## POULTRY MAY DISAPPEAR ON LOCAL MARKET

Unless OPA ceiling prices on dressed poultry are raised, local shoppers soon may be unable to buy dressed chickens at the Farmers' Market here, statements of farmers indicated today.

One farmer said buyers from the city are offering liveweight prices for the poultry at the farm that leave little margin to offset the dressing costs and loss of weight in preparing chickens for sale on the market here within the price limits prescribed by the OPA.

**Some Vegetables Plentiful**  
He also pointed out that there is "no ceiling on feed costs" but said there has been a steady rise in poultry feed prices since the ceiling on the marketable chickens has been imposed. This morning dressed fryers sold for 58 cents a pound, one cent under the OPA ceiling prescribed for this area in a schedule announced this week which lowered previously announced ceilings.

Roasting chickens brought 55 cents at some stands.

Green vegetables were abundant this morning. Rhubarb sold for 10 cents a bunch; asparagus, 25 and 30 cents a bunch; new spinach, five and 10 cents a box and 20 cents a quarter peck; lettuce, five, 10 and 15 cents a box; new onions, 10 cents a bunch; dandelion, eight and 10 cents a box.

One bushel of old potatoes vanished in the first minutes of market at the rate of 70 cents per peck.

**Plants on Sale**

Eggs were 38 and 40 cents per dozen. Cabbage and tomato plants were on sale at 15 cents per dozen.

Spring flowers were on sale at many stands. The assortment included tulips, iris, lilies of the valley, violets, lilacs and other flowering shrubs.

Asparagus roots were offered at four cents per cluster. A few apples could be had at prices ranging downward from 40 cents a half peck.

## Red Cross Sending Food To Prisoners

Adams county families whose sons may have been made prisoner by the enemy need not worry that the soldiers will not receive sufficient food, Miss Margaret McMillan, executive secretary of the county Red Cross chapter, has announced today.

To send food to prisoners of war, the national Red Cross has set up three Red Cross Food Packing Centers to produce hundreds of thousands of packages of food to be sent to prisoners of war, she said.

The three centers are at Philadelphia, Chicago and New York, and the present production of the three centers is 25,000 parcels a day. Well over 600,000 parcels have been completed and sent so far while production is being increased to well beyond 25,000 a day, she pointed out.

**Spring Grove Banker Suicides**

G. Philip Hoke, 45, cashier of the Spring Grove National bank, was found dead in a bedroom of his home in Spring Grove at 1 o'clock Friday afternoon. A self-inflicted pistol wound in the head caused death, Dr. L. U. Zech, York county coroner, said.

He had been engaged in the banking business since his graduation from Spring Grove high school and a business school and had been cashier of the Spring Grove National for the last eight years.

**HOSPITAL REPORT**

Robert L. Martin, Gettysburg R. 2; Mrs. Letitia Dayhoff, Taneytown, and Allen Seboid, Fairfield R. 1, have been admitted as patients to the Warner hospital. There were no discharges.

**Miss Lynn Bream, East Middle street,** is spending some time with her grandparents, Mr. and Mrs. Herbert Stevens, Berwick.

## Yankee Troops Make Headway In Attu Drive

By ROGER GREENE  
Associated Press War Editor

American troops were apparently making headway in the five-day-old battle of Attu island today, fighting their way over ice-sheathed ridges and snowfields in the new campaign to drive Japanese forces out of the Aleutians.

Details were meager, for reasons of military secrecy, but Secretary of the Navy Frank Knox declared that the assault was developing "very satisfactorily."

Along with Knox's expression of confidence, informed Washington quarters said the American sea-borne forces might have struck with sufficient power to assure a complete and smashing victory.

Capital sources also forecast a series of lightning blows against Japan's invasion armies throughout the Pacific coupled with the Aleutians campaign, on the theory that no major action would have been started unless joint Army-Navy-Air power was set to continue the offensive all along the line.

## Africa Russia

By EDDY GILMORE

**Africa, May 15 (AP)—**Flying Fortresses made a heavy attack yesterday on the Italian port of Civitavecchia, 40 miles northwest of Rome, scoring direct hits on several ships in the harbor and on fuel storages and causing an ammunition dump to explode, Gen. Dwight D. Eisenhower's headquarters announced today.

A simultaneous attack by medium bombers on the Sardinian port of Olbia resulted in three ships being sunk and others, including a large tanker, being severely damaged, the communique said. Hits also were scored on the docks and the industrial area of the port.

At the same time fighter-bombers swept over the northern part of Sardinia, bombing and strafing the airfield and port of Alghero and the harbor of Porto Torres and vital points on the railroad.

**SECOND CADET GROUP LEAVES**

The second contingent of Air Corps students from the 55th College Training Detachment, Gettysburg college, left Gettysburg early this morning for an undisclosed destination.

The men were sent from this station after receipt of a special call from the Army Air Corps for additional men to start advanced training at flying fields "somewhere in the country."

The group was in charge of Sergeant John R. Prueher, one of the students who arrived here with the second contingent early in April, and who had previous training prior to being assigned here.

While en route to their destination the men will purchase their meals aboard the train on government meal tickets issued them prior to leaving Gettysburg.

Lieutenant J. R. Floyd was at the station to bid farewell to the contingent.

Wives of two of the men were also at the station.

**Miss Ruth Hikes Is Baby Beef Club Head**

Miss Ruth Hikes, Gardners R. D., was elected president of the York Springs Baby Beef club at an organization meeting Friday evening at the home of Charles Reinecker.

Ray Reinecker was named vice president; Naomi Keefer, secretary-treasurer and Dale Reinecker game leader. The club comprises eight members. The next meeting will be held July 16 at the home of Elmer Hikes, Gardners R. D.

Russel Mollenauer, assistant county farm agent spoke on improved methods of caring for baby beef. The club was the last of the three in the county to organize this year.

**CODE VIOLATION**

Guy W. Miller, Biglerville R. 1, was arrested by Chief of Police Glenn Guise today for driving his car too fast for conditions on center square and Chambersburg street. The charge was laid before Justice of the Peace John H. Baschore. A ten day notice was sent.

**LEGION MEETING**

A regular meeting of the Albert J. Lentz post No. 202 of the American Legion will be held Monday evening at 8 o'clock in the Legion home on Baltimore street. Notices for the meeting have been issued by Adjutant Paul M. Rohrbaugh.

Just received Nelly Dons and other cotton dresses—Virginia Myers.

## Open House Attracts Many At Biglerville

Several hundred persons attended the Open House held Friday at Biglerville high school.

Raymond Mowery, superintendent of the Franklin county schools, was the speaker Friday evening. He outlined the meaning of service to one's country and listed the following "pillars" on which civilization is built: Sacrifice, endurance, resignation to service, valor, imagination, composure and expeditious service. Pillars on which strong men and women are built are Bible, home, church, Lord's Day, school, law and free press.

State Senator Paul M. Crider, Chambersburg, presented Joanna Meyer a \$25 War Bond as a prize winner in a recent essay contest and then gave another \$25 Bond personally to the prize winner.

# AXIS STUNNED BY IMPACT OF ALLIED BLOWS

By DEWITT MACKENZIE

Allied initiative of global proportions continues to intensify, forcing the Axis-Japanese combination to stand on the alert at many points. Hitler's Europe has been rocking under an unprecedented deluge of bombs, from west to east. Italy and her great islands of Sicily and Sardinia have been undergoing furious air-raids. American forces have stormed their way ashore the Jap base of rock-bound Attu among the Aleutian Islands off Alaska, and bitter fighting is reported to be proceeding.

Out of this welter of pressure and threats will emerge new Allied offensives. At this moment we can't foresee with certainty where the blows will come, and therein lies the value of this war of nerves which the United Nations are waging. The enemy is on the defensive—in the dark.

**Next Offensive**

Signs point to the next major offensive coming in Europe. Observers in Tunisia believe it will fall with certainty on Sicily and Sardinia as a natural corollary to the Axis debacle in North Africa, and it might be extended to the Italian mainland.

However, these are fast moving days when high commands have to make quick decisions. Necessity or opportunity may provide the impulse for an offensive—and there are numerous points at which it might come. Italian territory likely is the best bet at the moment, but western France and the Balkans also are inviting trouble.

One thing stands out clearly. The Allied air offensive over Europe is doing a tremendous job of softening up the Boche. Not only are the Americans and British airfleets tearing into the continent as far afield as Czechoslovakia, but the war of the air over Russia is intense. Soviet airmen have been ranging clear from their central front to Warsaw.

**Damaging Air Blows**

The Anglo-American air assaults are on a scale which is inflicting severe damage to vital spots in the Axis war-machine. Industrial centers, supply points and communications are being crippled and even wiped out. As I have reported in this column before, when I was in England last fall I was told in high quarters that destruction of 160 targets of this nature would so weaken Hitler that an invasion army could be landed from the English Channel without undue losses. Since then many of these targets must have suffered heavily.

You have to see to believe the destruction of one of these major raids. I was guest of Air Chief Marshal Sir Arthur Harris at his home and we sat up until the early morning hours studying the effects of mass raids as shown in enlarged air-photos.

**Ripe for Invasion**

Forty per cent of the great industrial city of Cologne had been destroyed in one solid block, and another twenty-five per cent in scattered areas—a total of sixty-five per cent. Yet they tell us the raid the other night on Duisburg, industrial and railway center, unloaded an unprecedented weight of bombs. We haven't complete details of this raid, but it was reported as successful.

We shall do well to keep an eye on the continent, for it's getting ripe for invasion.

If our assault on Attu Island is successful we shall have done much to render the position of the Japs in the Aleutians innocuous. This would tend to stymie them from developing Kiska as an air and submarine base which could threaten the Alaskan mainland.

every year as though it be your last—and who knows, it may be just that. Know the gospel and how to preach it, for that's all there is to being a good preacher. Go straightway and preach the gospel and may God be with you every step," he concluded.

The service was preceded by an academic procession. Dr. Harvey D. Hoover of the Seminary faculty conducted the worship service and Cedric Tilberg, son of Dean and Mrs. W. E. Tilberg, West Lincoln avenue, sang "The Voice in the Wilderness" by John Prindle Scott. Dr. Raymond T. Stamm, secretary of the faculty, presented the candidates for the various degrees. Friday evening's program concluded the Seminary Week activities that opened Wednesday morning.

**Mr. and Mrs. George H. Amick,** West Lincoln avenue, had as guests Wednesday Mrs. Amick's brothers and sister-in-law, the Rev. Dr. B. F. Rudisill, Dubois, and the Rev. Dr. J. E. Rudisill, Harrisburg.

**John H. Baschore and B. E. Bixler** transacted business in Harrisburg a day this week.

**The Adams County Council** of Christian Education met Friday evening at the YWCA building with Charles Gentzler, East Berlin, the president, presiding. It was voted to pay \$100 to the State Sabbath School association as part of the local organization's pledge. Plans were discussed on the county convention to be held Sunday, June 13, at St. James Lutheran church.

**Miss Margaret McMillan, Hanover** street, is spending two weeks at Tacoma Park, Md.

# SOLDIER IN HOSPITAL

Private Ray E. Shindedecker, Camp Crowder, Missouri, is seriously ill at the camp hospital his mother, Mrs. Susan S. Shindedecker, Fairfield R. 1, has learned. Mrs. Shindedecker left this morning for the camp.

**PENNSY COMPTROLLER** Philadelphia, May 15 (AP)—R. C. Miller became comptroller of the Pennsylvania railroad today as F. J. Fell, Jr., former vice-president and comptroller, took over new duties as vice-president in charge of accounting and valuation.

# Wedding

Mrs. Emma Hoppe, Westminster, and William F. Ebaugh, Littlestown, were married last Saturday evening in the parsonage of Carroll charge, near Westminster. The ring ceremony was performed by the pastor, the Rev. C. B. Rebert. The bride was becomingly attired in a dark blue ensemble with matching accessories. They will reside in Littlestown.

# Death

**Mrs. Theodore E. Shildt** Mrs. Sarah Jane Shildt, 72, wife of Theodore E. Shildt, Germany township, Littlestown R. 2, died at her home Friday morning at 12:30 o'clock, from a heart condition following an illness of two days. Her death occurred just two days after that of her sister, Miss Alveta Elizabeth Myers, Hanover R. 1, who died early Wednesday morning and whose funeral was conducted this morning.

Mrs. Shildt was a daughter of the late Aaron and Lydia Arter Myers. She was a member of St. Luke's Lutheran church, near Bonneauville. Surviving are her husband; five children, Mrs. Charles W. Miller, Littlestown R. 1; Mrs. Logan H. Birdsong, Mobile, Ala.; Mrs. Mildred Sterner, at home; Claude E. Shildt, Littlestown R. 1, and Melvin M. Shildt, Littlestown; nine grandchildren, four great-grandchildren and the following sisters and brothers, Mrs. Frank Myers, Silver Run, Md.; Mrs. Lillie Croumer, Hanover; Howard Myers, Hanover R. 1, and Jacob D. Myers and Claude A. Myers, both of Hanover.

Funeral Sunday afternoon with services conducted at 2 o'clock at the J. W. Little and Son funeral home, Maple avenue, Littlestown, the Rev. Dr. J. M. Myers, pastor of St. Luke's Lutheran church, officiating. Interment in St. Bartholomew's cemetery, Hanover R. 1. Friends may call at the Little funeral home this evening from 7 to 9 o'clock.

# Firemen Petition Corporation Papers

Articles of incorporation as a non-profit corporation were filed for the Hampton Fire company at the court house Friday.

The incorporators, Harvey W. Herman, Julius Schimmel, V. M. Bosserman, H. R. Kime, L. E. Moul and Jonas H. Wolfe, list the purpose of the company to "associate together to operate a fire company for the protection of the lives and properties of the residents of the village of Hampton, Reading township, and surrounding territory, from the hazards of fire and in furtherance of said purpose to own or lease real estate and personal property." The directors are Harvey W. Herman, Julius Schimmel and V. M. Bosserman. The fire company lists \$2,000 assets.

The incorporation papers were filed by Attorney J. Francis Yake, Jr. The company has operated for a number of years.

# GUEST PREACHER

Dr. Henry Seymour Brown, vice president of the Princeton Theological seminary, will occupy the pulpit of the local Presbyterian church on Sunday morning. No evening service will be held.

# SEE DEADLOCK IN CONGRESS ON TAX BILL

Washington, May 15 (AP)—A predicted deadlock over abatement of 25 per cent of a year's income taxes loomed today in the pathway of pay-as-you-go legislation as House and Senate spokesmen stood pat on their separate plans.

That was the chief difference between the bill passed by the House last week and the one approved by the Senate last night—and informed capitol sources called it a difference difficult to compromise.

Withholding taxes seemed sure to start July 1—both sides okayed them—giving the Treasury a tentative green light to set up its collection system.

With the abatement issue apparently hinging on which side gives ground, first step toward the showdown is due to start early next week when the House formally considers the Senate action.

# Senate Measure

By a 49 to 30 vote the Senate gave its approval to a measure which would make almost everyone current by cancelling the lesser of 1942 or 1943 income tax liabilities for all except persons with "windfall" incomes.

This compared with the House-approved measure cancelling only the 6 per cent normal and 13 per cent first bracket surtax and leaving 14,000,000 taxpayers with payments to be made under the present ear-lag system.

The one plan would abate the full year's tax liabilities—the other, approximately 75 per cent.

The Senate measure is a first cousin to the original "skip a year" plan advanced by Beardsley Ruml, chairman of the New York Federal Reserve bank, and a close relative of the Carlson bill which the House rejected recently by a four-vote margin.

# 2 CHIEFS TALK POST-WAR PLAN

(By The Associated Press)

Washington, May 15—President Roosevelt and Prime Minister Churchill resumed their war-strategy conferences today amid capital reports that the two United Nations leaders are discussing post-war plans as well as an early invasion of Hitler's Europe by Allied armies.

This speculation stemmed from the Prime Minister's declaration that he and Mr. Roosevelt are planning "well ahead of the armies who are moving swiftly forward." Churchill's assertion on future planning came after he had pledged, in a broadcast to Britain yesterday, that the time is approaching when Allied troops massed in Britain, including many thousands of Americans, would assault the Nazi strongholds.

War news continued to hold the top spot in Washington even as the Allied capital still thrilled at the recent smashing victory in Tunisia. The latest encouraging expressions for the United Nations cause came in Churchill's confident predictions of victory and in the American Navy's report of the landing of United States troops on Japanese-held Attu in the Aleutians.

# WOMEN'S PCBL

ers will present several piano selections.

Main feature of the program will be a "Broadcast from the PCBL Network" under the direction of Miss Ramer and Mrs. Bertha Culp, program chairman.

Talks by state officials and representatives of the Father Corby council will follow. The program will close with Benediction by the Rev. Fr. Norbert Sulkowski, assistant pastor at St. Francis Xavier church, and the singing of "Holy God We Praise Thy Name."

The committee in charge includes Miss Ramer, as chairman, Mrs. Menchey, Mrs. Culp, Mrs. Fred S. Faber, Mrs. Noel Flynn, Miss Mary Little, Mrs. Charles J. Myers, Mrs. G. Henry Roth, Mrs. George W. Stock, Mrs. C. E. Swisher, Mrs. Charles R. Zhea and Mrs. J. Walter Coleman.

# Embargo On Job Changes In East

Washington, May 15 (AP)—A semi-rigid embargo was clamped today on the movement of virtually all workers into or out of any town in the middle Atlantic states or the nation's capital to take jobs with new employers.

Simultaneously, essential workers in Virginia, North Carolina, West Virginia and the District of Columbia were tied to their present bosses unless the employers of the U.S. Employment Service give them permits to work for others.

# Upper Communities

Miss Marvel Roth will be the leader for the Christian Endeavor meeting at the Biglerville United Brethren church Sunday evening at 7 o'clock. Her topic will be "Family Adventures in Christian Living."

**Mr. and Mrs. William Blair** observed their 25th wedding anniversary today at their home in Quaker Valley.

**Miss Freda Kane, a student nurse** at the Harrisburg hospital, is spending the week-end with her parents, Mr. and Mrs. Francis Kane, Guernsey.

**Mrs. Frederic E. Griest, Flora Dale,** accompanied by her son, Jeffery, is spending the week-end in Philadelphia with her brother-in-law and sister, Mr. and Mrs. John Beltz.

**Miss Marian Baugher, Palm Beach, Florida,** visited her brother-in-law and sister, Mr. and Mrs. John Wilson, Quaker Valley, a day this week.

**Mrs. L. K. Schlosser** was the guest of honor at a meeting of the Clover Leaf club at which her daughter-in-law, Mrs. Edwin Schlosser, entertained Thursday afternoon. The affair was in the nature of a surprise party. Additional guests included Mrs. Harry Wert, Mrs. John Allison and daughters, Dorothy and Nancy Jane, and Richard Smeltzer. In the evening Mr. and Mrs. Schlosser entertained John Allison and sons, Richard and John, and daughter, Pauline, Harold Miller and Mrs. Martin Walter.

**Mr. and Mrs. Richard C. Walton, Jr.,** and son, Richard, returned to Harrisburg today after spending some time with Mr. Walton's mother, Mrs. Richard C. Walton, Biglerville.

# Urge Rescue Squads In All Communities

Harrisburg, May 15 (AP)—Local defense councils were urged by state officials today to speed up organization and training of rescue squads. Dr. Ralph Cooper Hutchison, director of the state Defense Council, said he hoped to extend squad membership from 10,287 to 20,000, enough to provide one 10-member squad for every 5,000 of population.

Each squad is composed of a commander, carpenter, electrician or lineman, plumber, welder or burner, structural steel worker, two handy-men and two helpers. Squads are trained to extricate injured persons from bombed or burning buildings.

# Scores Weddings By "Pagan Florists"

Glenside, Pa., May 15 (AP)—Modern church weddings are becoming "frivolous fashion shows" under the direction of "pagan florists," social directors and "other intruders," says the Rev. George Copeland, rector of St. Peter's church.

Writing in the current issue of the Church News published by the Episcopal Diocese of Pennsylvania, the Rev. Mr. Copeland urged that "something be done to make church wedding as dignified and natural as those in a magistrate's office or in a judge's chamber."

"Often the only natural human beings in a wedding procession are the little flower girls, who forget what they are told to do, and some brides, who forget instructions and act like normal women, too deeply in love for stiffness and exhibitionism," he said.

# 109 Axis Generals Taken By Allies

London, May 15 (AP)—One hundred and nine Axis generals have been captured by the Allies, exclusive of Russia, since the war began, it was reported authoritatively today.

The most important of these were Gen. Ritter von Thoma, Africa corps commander, and Col. Gen. Jurgen von Arnim, who succeeded Field Marshal Erwin Rommel as Axis commander-in-chief in Tunisia.

In all 19 German generals were listed. Ninety Italian generals have been taken, but some died in captivity, including the Duke of Aosta, who was caught in Ethiopia.

No authoritative estimate was available in London of the number of Axis generals in Russian hands. The Soviet embassy, however, said that in the Stalingrad surrender alone 24 generals were taken along with Field Marshal Gen. Friedrich Paulus.

# To Build Synthetic Rubber Factory

Philadelphia, May 15 (AP)—A 115-acre plant in which 10,000 tons of butadiene, principal ingredient of synthetic rubber, will be manufactured annually, will be constructed in the near future near Bristol, Pa., the Publicker Commercial Alcohol company announced.

Charles L. Gabriel, vice-president, said the plant, authorized by a recent government priority grant, would be in production by the end of 1943, using eight to ten million gallons of alcohol a year.

# Legion Fun Out Of Convention

Wilkes-Barre, Pa., May 15 (AP)—The traditional fun will be lacking when the Pennsylvania Department American Legion holds its annual convention here August 12, 13 and 14.

The Legion Convention corporation last night ruled out parades, banquets, drum and bugle corps and all other familiar trimmings, for the first time in 25 years.

The housing committee will provide accommodations only for authorized delegates, the group ruled, with no provision for alternate delegates or visitors.

Attendance, it was estimated, will be approximately 2,500, compared with 10,000 to 15,000 in past years.

# MERGE EFFORTS FOR WAR DRIVES

Harrisburg, May 15 (AP)—Future campaigns to raise funds for war relief, the USO and local community chests will be coordinated into single drives by the newly created Pennsylvania War Fund, Inc.

More than 250 representatives of local welfare groups set up the statewide agency yesterday and elected H. J. Heinz, II, of Pittsburgh president. Similar organizations have been created in 15 other states to conserve manpower, time and expense.

# Other Officers

Other officers named were H. W. Prentiss, Jr., Lancaster; Philip C. Staples, Philadelphia; A. W. Robertson, Pittsburgh and Gilbert S. McCintock, Wilkes-Barre, all vice presidents; and James J. Thomas, Pittsburgh, secretary. Wilbur F. Maxwell, secretary of the Allegheny County United War and Community Fund, was selected as executive director.

Officials plan to divide the state into six sections of two regions each, with associate campaign chairmen for sections and regions to be named later.

Ralph E. Weeks, Scranton, president of the International Correspondence school, will be state chairman for the first united appeal for war relief and community needs. Seventy-five persons from all sections of the state were named to the new group's board of directors.

# Orrtanna

Orrtanna—The condition of Mrs. Mary Yoder, who recently suffered a paralytic stroke, is much improved. Miss Annie Yoder, of Elverson, Pa., spent the week-end with her mother and brother and sister-in-law, Mr. and Mrs. W. F. Yoder. Dr. J. A. Yoder, also a son of the elder Mrs. Yoder, returned to his home at Xenia, Ohio, after spending some time with the Yoders here.

Mr. and Mrs. Raymond Pepple and children, Gailya and Lowell, visited over the week-end with relatives of Mrs. Pepple in Hagerstown.

Wendell, son of Mr. and Mrs. Paul Wetzel, is reported ill.

Miss Kathryn Donaldson spent the week-end as the guest of Mr. and Mrs. A. R. Pryor, Waynesboro.

Lowell Pepple is reported ill at the home of his parents, Mr. and Mrs. Raymond Pepple.

Mr. and Mrs. I. Z. Musselman recently visited Mrs. Musselman's mother, Mrs. John Ranck, at New Holland, Lancaster county.

Mr. and Mrs. Milton Wetzel, Miss Arlene Wetzel and Mrs. Roy Fissel visited Mr. Wetzel's aunt, Mrs. Mary Eyer, Thurmont, on Sunday.

Miss Christine Burkhard has returned to Elizabethtown after a visit with her parents, Mr. and Mrs. Henry Burkhard.

James Myers, of Paramount, Md., is spending some time with his grandparents, Mr. and Mrs. W. D. Dougherty.

Miss Lois Musselman has completed her teaching position at Low Point, Illinois, and has returned to her home here.

Mrs. Henry Burkhard spent the week-end at Bluffton, Ohio, where she attended a musical recital at Bluffton college in which her daughter, Ruth, a student at the college, participated.

The following visited Sunday with Paul Deardorff who is a patient in a Philadelphia hospital: Mrs. Deardorff, Kenneth Deardorff, Clyde Baker, Dale Newman, Allen Deardorff and Roy Fissel.

# White Run

White Run—Mr. and Mrs. Noy Lightner and daughter, Doris, of Landisburg, spent Sunday at the home of Mr. and Mrs. Clair Bucher and family.

Mrs. Stanley Hull and John Sachs, of Baltimore, were week-end guests at the home of their parents, Mr. and Mrs. Milton Sachs, near Round Top.

Fred O. Crouse, of the U. S. Navy, Cherry Point, North Carolina, is on a 15-day leave at the home of his parents, Mr. and Mrs. Hobson Crouse.

Mrs. Hobson Crouse and son, Fred, spent Tuesday with relatives in Columbia.

**TRUCKER SHOTS GIRL**

Philadelphia, May 15 (AP)—Seven-year-old Diana Rizzo was in a hospital today with a bullet wound in her hip—shot, according to Joseph Denoto, 19, by an unidentified truck driver. Denoto told police the man fired three shots, one of which struck the girl as she played on the front steps of her home, following an argument over a collision between the truck and Denoto's car.

# LARGEST NAVAL BILL IN HISTORY GOES TO HOUSE

By ALEX SINGLETON  
Washington, May 15 (AP)—A \$29,463,687,198 Naval appropriations measure—largest in history—was sent to the House floor Friday with a message that "the country may have every confidence in the achievement of an unconditional victory across both oceans if the home front continues to do its part."

The assurance came from the House Appropriations committee as it made public a bulky transcript of testimony taken from the chiefs of the nation's sea-fighting forces. A report brimming with broad details of smash-the-enemy, invasion preparations.

There was grim acknowledgment in it from the Navy itself of the precedent-shattering size of the allocations for seawar for the fiscal year beginning July 1. From Admiral Ernest J. King, commander in chief of the United States fleet, came this assertion:

"War inevitably results in waste—waste of men and materials and money—that is one reason for our hatred of war. But \* \* \* we cannot afford to pussyfoot when it comes to appropriating money to carry on."

## To Build Battleships

To Vice Admiral F. J. Horne, vice chief of naval operations, fell the assignment of outlining for the committee the Navy's over-all preparations in its struggle for sea supremacy and he produced these highlights:

1. "Fortunately, the initial plans and appropriations for our two ocean Navy were made in the summer of 1940. Had we not had a potential nucleus to start with and had not appropriations been made for ships, the war might well have been lost ere this."

2. "Our battleships at the time of Pearl Harbor lacked the speed and flexibility necessary to become part of a present day task force. \* \* \* however, the modern battleship is a different story. In the few instances where they have had an opportunity to prove themselves, they have shown that the day of the battleship is far from ended."

3. "The aircraft carrier has become the backbone of the fleet. \* \* \* Whether our strategy in the Pacific becomes a step-by-step reinvestment of the islands or a flank approach to Japan, we are going to need carriers and in quantity. The carrier, per se, is as vulnerable as it is necessary and attrition in this type is bound to be high."

4. Attrition in merchant vessels is very high. Submarines are being built faster than they are being destroyed. Plans for offensive operations are limited by a critical shortage of these vessels (subchasers) since it is essential that the maximum warmaking power be delivered to the active theatre of war.

5. "Since expansion of the escort building program must not interfere with construction of other combat types necessary to a balanced protection of sea routes, we will not be in a position to meet the minimum acceptable requirements as to escort craft before the end of the calendar year."

6. "The small boat program has assumed such large proportions that it has become a case of the tail wagging the dog."

7. "As far as Naval shipbuilding is concerned, the country will reach its peak about July 1. The peak of Naval repair work will not be reached for another year."

Bison meat was a main item in the diet of gangs building the early railroads in the West.

# Riding with Russell

Reg. U. S. Pat. Off. by FREDERICK C. RUSSELL, Member S. A. E.

With the world going into debt and everything in arrears we can expect the post-war engine to be behind.

The war is teaching us plenty about service, so don't be surprised when I tell you that it isn't necessary to give any attention to breaker points that are showing merely a little pitting. Tests show that such points are polished smooth. Only when a cone builds up on one of the points so as to cut down the area of contact should they be given attention. And then you will find that the points can be dressed with a stone or fine file. Try not to discard them. They are of critical material.

Whenever checking over the breaker points always pay careful attention to the cam for it may be afflicted with a rough spot that will chew up the fibre cloth of the breaker arm. You don't need special equipment for this inspection, for it is easy enough to feel the cam's roughness. Also, evidence of such roughness will be found on the breaker cam.

In his thought-provoking book, "A Time For Greatness" Lieutenant Commander Herbert Agar gives us an interesting slant on automobilism when championing the cause of faith as the element necessary to our winning the war. His theme, briefly stated, is that materialism and lack of a higher concept of progress are responsible for the Democracies getting into such deplorable weakness that a Hitler

could rise up and smite them. Those who believed that more comforts and pleasure would somehow make us better citizens spurned the need for faith. In fact, they regarded faith as a dangerous concept and, as he puts it, "they seemed to feel that if it were admitted it might interfere with the production of automobiles. We now know that lack of faith can interfere grievously with the production of automobiles."

**Facts About Brakes**  
One reason some brake jobs turn out badly is because the gap between lining and shoe has not been filled with a layer of brake cement.

In many cases it is necessary to use a burnisher to obtain a good fit between a relined brake shoe and its drum.

In having a scored brake drum smoothed out remove only what metal is needed to obtain a smooth surface. The more stock is removed the weaker the drum will become.

An odd one from H. N. L. tells of difficulty starting the engine when warm. The starter-motor simply failed to go into normal action under such conditions, while always cranking fast when the engine was cold. A check-up showed that the battery was grounded to one of the engine head bolts and that the latter was a little loose. When heated there was enough expansion to make a poor connection. Solving this one was merely a matter of arranging a different ground connection.

**Watch This One**  
When there is wear on one tire, and lowered gasoline mileage, the combination adds up to something that spells trouble. The car is suffering from a dragging brake. This, in turn, is due to a weak or broken brake shoe return spring. Always suspect this if one of the rear tires shows excessive wear because if the wear were due to applying too much power in starting it would be evenly divided between the two rear tires.

Smart service men who note excessive tread wear on a front tire always check into the gas mileage situation before jumping to the conclusion that the front end is mis-

aligned. A dragging brake consumes a lot of gas.

I don't blame anyone for being a bit puzzled when service men speak of front wheel toe-out. We've grown up with the fact that front wheels toe-in. Now why the reverse?

Just this: When the front wheels go into a turn the steering linkage forces them to toe out. This is necessary in order to keep each turning wheel more nearly within its own radius. Sketch it off on a piece of paper and you'll easily grasp the idea. The radii will be drawn from the wheel centers to a common turning center some distance to the right or left of the car.

**Drain it Off!**  
Permit me to be a bit violent in opposing the plan of leaving the permanent type of anti-freeze in the cooling system all summer. Yes, it is true as one large corporation is telling the public, more limited driving means less oxidizing of anti-freeze, but that has never been the real risk. There is always a certain amount of gas leakage into the cooling system around the cylinder head gasket, and it is this combination of gas and anti-freeze that manufactures acids which eat into the gasket to cause an eventual leak. It might not come along for some time, but you can be reasonably certain that it will.

If tins for storing the anti-freeze until next winter are not available, what about some of those gallon gin bottles that are historical relics around so many homes?

And when you put a fresh supply

of water into the cooling system be sure to add rust inhibitor. If there is no prepared inhibitor handy you can purchase what is known as emulsifying oil at large paint and chemical stores. A little goes a long way. About a half pint for small engines, a pint for larger ones. Mix it in a watering can rather than pouring it into the radiator in an oily state. Such oil makes the water milky white.

Actually there's nothing new about using oil for such purposes. Chauffeurs used to do this in the old days, but they had to use sewing machine oil because emulsifying oil was not available.

**Cracked Blocks and Heads**  
It's not good news to be told that there is a crack in the engine block or cylinder head but your dismay

need not be permanent. A friend of mine reports that his service man has just used a new metallic seal very effectively and that this sort of treatment can be used successfully on 90 per cent of the breaks. Such seals are a form of liquid metal.

It is a good idea to remember that if a crack has been due to over heating followed by carelessness in adding water too soon the chances are that there is also some warpage. I mention this because when the repair is being made the valves should be reground and seated so that warpage is taken into account.

**What's On Your Mind?**  
Q. A gauge reading shows that there is very low vacuum in the engine of my car. Timing is properly advanced and the carburetor has been checked over. Have not had the engine rings or pistons replaced. Have you any suggestion?  
—H. B. N.

A. Such a reading shows loss of efficiency in all cylinders. There's a good possibility that the engine oil may be much too heavy.  
Q. My wife is taking a course in

automobile mechanics. One of the questions asked in a recent quiz was whether oil is used to get rid of engine heat. My wife answered "yes" and got a zero for the question. It seems to me that while oil is not the car's main cooling medium it does part of the job. What is your opinion of this?—M. M. S.

A. Oil certainly aids cooling. Its primary function is to reduce friction of parts which are in metal-to-metal contact. Indirectly therefore it checks heat; but directly it also serves to carry away much heat that is generated at the bearings and on the cylinder walls. Engines with an oil filter properly placed on the dash have an extra means of benefiting by oil cooling.

Q. I am getting considerable knocking in the engine. Would you recommend adding an extra cylinder head gasket to reduce compression?  
—F. W.

A. There would be no point in this. The engine will be losing compression as it ages, and you need compression for efficiency. I would check the knocking by having carbon scraped out.

Q. I have been told that if Ipeen the piston rings they will regain their pressure. Is this true?  
—G. J. T.

A. Peening rings is an old method that sometimes works if properly done. Where possible, use new rings. Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him care of The Gettysburg Times and enclose stamped, self-addressed envelope for personal reply.

## SUPPOSE IT HAD TO LAST A LIFETIME

How CAN you take steps to make sure your car will last through the duration?

The simple way is to treat your car as if it would have to last a lifetime! As if you never would be able to get another!

Keep your engine properly tuned! Change oil promptly—and no fooling! Watch plugs—brakes—batteries—carburetors! Really DO the things you know SHOULD be done, but have found you can "let slide" under peacetime practices of trading in every two or three years.

It isn't as much bother as you think. Because we'll take over the job of making your car last if you'll give us the chance and work with us.

We've got the men, got the equipment, got the know-how to do it. How about coming in to talk it over?

## Are Your Tires Smooth?

If They Are, We Advise You to Have Them Recapped as Soon as the Tread Design Disappears

Many tires are used too long and are unfit for recapping, due to breaks in the fabric, which weakens the entire structure of the tire. Don't delay, tires are precious and recaps can be purchased by any car or light truck owner now, without a certificate.

repentance must be something  
more than mere remorse for sins;  
it comprehends a change of nature

Just Folks  
By Edgar A. Guest

THE WISE HEARTED MAN  
Scriptures say the tribe of Dan  
is first to teach the artisan  
and make him "the wise-hearted  
man."

Vise-hearted! Meaning deft of  
hand,  
with sense to know and understand  
is need for work throughout the  
land.

Vise-hearted! Meaning skill to  
weave  
and to embroider robe and sleeve  
and things of usefulness achieve.

Vise-hearted! Meaning hammer-  
wise,  
the curious works of shape and size  
from gold and silver to devise.

Vise-hearted! Not the purse best  
filled;  
not lands by hired strangers tilled,  
but hands to useful labor skilled.

Today's Talk  
By George Matthew Adams

ON BUYING ENJOYMENT  
I once read of a very wealthy man,  
who came to the end of a most useful  
career. He was a great engineer  
and had constructed enterprises  
that will live long after him. His  
home was a show place, costing a  
large fortune. But during his last  
years he lost all. But did he whim-  
per? Not a bit. His significant  
statement was that he had purchased  
great enjoyment throughout all  
his struggles and accumulations, and  
though he had lost the latter, he still  
retained the better part, which was  
his former-enjoyment that nothing  
could take from him!

Among the happiest of individuals  
are those who have for years  
devoted their spare time to an inter-  
esting hobby. Take stamp collect-  
ing, for example. Many a million-  
aire enjoys this hobby, and he can  
stand by and envy many an item in  
the book of many a one whose col-  
lection could be bought for what he  
might spend for one evening's en-  
joyment at the theatre. Yet all of  
his money could not purchase that  
boy's enjoyment.

The fruits of one's hobby may be  
passed on to another, or sold for  
material gain—but the enjoyment  
experienced stays forever! That's  
something that cannot be bought or  
sold.

A little summer cabin in the woods  
may be bought, but the joy and hap-  
piness that accumulate at such a  
place, throughout the years, cannot  
be bought. They remain as assets  
to the end of one's days. All through  
the intervening times memories may  
be revived, scenes and experiences  
meditated upon, and good talk re-  
called.

Many precious possessions can be  
bought—but not the enjoyment that  
became the means to their accumu-  
lation. When you give something  
away that you have greatly loved,  
you only give a part of it away—its  
intrinsic worth. You keep the en-  
joyment that it brought to you.

Enjoyment is what we set aside  
for a permanent investment in our  
mind and heart. We can never re-  
main poor in spirit when we do  
this. And what wealth can be com-  
pared to the wealth that one ac-  
cumulates through enjoyment that  
he distributes lavishly?

500 Lions on Tour of Field: Five  
hundred members of Lions clubs in  
Pennsylvania, their wives and  
daughters toured the battlefield here  
on Tuesday and paid tribute to the  
heroes of '63 and ate a box lunch  
at Spangler's Spring.

Coming from York, where the  
civic organization is holding its an-  
nual state convention this week,  
the Lions and their friends in more  
than 100 automobiles, were wel-  
comed by members of the Gettys-  
burg club in center square to strains  
of music furnished by the Gettys-  
burg college band.

At the opening session of the con-  
vention Monday, Guile W. Lefever,  
Gettysburg, was named a member  
of the resolutions committee.

Couple Weds Here: Edward W.  
Jacob and Goldie B. Miller, both  
of Gettysburg, were united in mar-  
riage by the Rev. Dr. Earl J. Bow-  
man, at the St. James parsonage,  
Monday evening at 8 o'clock.

son of Mrs. Victoria Lingg, New Ox-  
ford, were married on Saturday eve-  
ning at the rectory of St. Ignatius  
Catholic church, Buchanan Valley,  
by the Rev. Father W. W. Whalen.  
Mr. Lingg is employed at the Big-  
lerville garage.

Graduates with Highest Honors:  
Miss Nellie E. Culp, daughter of  
George Culp, near Brysonia, was  
graduated with the highest schol-  
astic honors in a class of 50 from  
the nurses' training school of Jeff-  
erson hospital, Philadelphia, at  
commencement exercises held re-  
cently.

Pastor Guest at Reception: Ap-  
proximately one hundred members  
and guests of the congregation of  
the Methodist Episcopal church  
attended the reception given in the  
social rooms of the church Wednes-  
day evening for the Rev. E. L.  
Eisner who assumed his duties as  
pastor of the church on Sunday.

Professor G. R. Larkin was in  
charge of the program and intro-  
duced the new pastor who responded  
with a brief talk.

Couple Marries in Hagerstown:  
Miss Kathryn Nickolls, daughter of  
Mrs. Kathryn Nickolls, West Middle  
street, and Harry Stonesifer, son of  
William Stonesifer, West street,  
were married Tuesday morning at  
Hagerstown, by the Rev. W. M. Mc-  
Gillum, pastor of the Hagerstown  
Methodist church. The groom is  
employed as clerk at Gilbert's gro-  
cery store, Franklin street.

Local Couple Is Married: Miss  
Kathleen McClellan, daughter of Mr.  
and Mrs. Edward K. McClellan, of  
Gulden's Station, and Howard Oyler,  
son of Mr. and Mrs. Lester C. Oyler,  
Hanover street, were married at 2:30  
o'clock Saturday afternoon, by the  
Rev. Dr. Earl J. Bowman, at the  
St. James parsonage.

They were attended by Mrs. John  
Rebert and Miss Ethel Oyler.  
The bridegroom is employed at  
the W. Ogler and brother garage,  
North Stratton street. The bride is  
employed at the Eagle silk mill here.

Clerk Weds Couple: James G.  
Marshall, son of Mr. and Mrs. Archie  
W. Marshall, Fairfield, and Miss  
Savilla E. Dick, daughter of Mr.  
and Mrs. John A. Dick, Freedom  
township, were united in marriage  
Saturday afternoon at 2:30 o'clock,  
by Mrs. Elmer W. Warren, deputy  
clerk of the courts.

Marriage License: A marriage  
license was issued at the office of  
Clayton F. Palmer, clerk of the  
courts, on Saturday to Curvin R.  
Elder, New Oxford, and Ruth A.  
Osborne, Straban township.

Many Attend High Musicals: More  
than two thousand persons attended  
the two musicals given in the Get-  
tysburg high school auditorium Fri-  
day afternoon and evening in com-  
memoration of national music week.  
Miss Dorothy Brindle was in  
charge of the program, assisted by  
Edwin Longenecker, director of the  
high school band.

May 12 (AP)—President Roosevelt  
today signed the farm inflation bill.

Distinct Honor for Clare Family:  
A member of the third generation  
of the Clare family, R. Donald Clare,  
of Baltimore, was graduated from  
the Lutheran theological seminary  
at commencement exercises Friday  
evening, for the first time in the  
history of that institution.

His father, the Rev. Dr. Robert  
D. Clare, of Baltimore, who delivered  
the baccalaureate sermon at the  
commencement exercises, was gradu-  
ated from seminary in 1900, and his  
grandfather, the late Rev. Richard  
H. Clare, was graduated in 1869.

WLB Orders Resumption Of Coal Dispute Bargaining

NEXT MOVE IS  
TO LEWIS WHO  
DEFIED BOARD

By JOSEPH A. LOFTUS

Washington, May 15 (AP)—The  
next move in the soft coal wage  
dispute appeared to be up to John  
L. Lewis today as the operators  
accepted a War Labor Board order  
to resume bargaining and continue  
production of the war-vital fuel.

In New York, the president of the  
United Mine Workers withheld im-  
mediate comment on the WLB's  
interim directive order, thus leaving  
some doubt as to whether the 15-  
day truce in the wage dispute would  
be extended after its expiration  
next Tuesday midnight—or whether  
another work stoppage would follow.

However, a week after the case  
was certified to the WLB, Lewis  
told President Roosevelt "a renewal  
of collective bargaining is the logi-  
cal means of providing justice and  
equity to all parties," which indi-  
cated the board order might suit  
him. The operators had urged cer-  
tification of the case to the board,  
while Lewis denounced the board  
as "prejudiced" and defied its  
authority.

Living Costs  
The order, issued last night, sug-  
gested several methods to help the  
miners meet higher living costs other  
than by an outright wage rate in-  
crease. Main proposal was an "as-  
sured" six-day week, with time and  
a half after 35 hours and a govern-  
ment pledge to the operators of a  
market for their coal.

The order did not rule out the  
miners' demands for \$2 a day in-  
crease, portal-to-portal pay, and  
other concessions. It criticized both  
sides for taking an "adamant posi-  
tion" and not fully utilizing collec-  
tive bargaining processes.

Charles O'Neill, spokesman for the  
northern Appalachian operators,  
said they are willing to continue  
bargaining "under proper circum-  
stances" which he saw the board  
order as providing.

Former Senator Edward R. Burke,  
president of the Southern Coal Pro-  
ducers association, said his group  
"will comply, of course, fully and  
willingly."

GROSS OPPOSES

yes, Guffy; no, Davis.

Nomination of Stephen S. Chan-  
dler, Jr., as United States district  
judge for western district of Okla-  
homa, approved 37-38—yes, Guffy,  
no, Davis.

House  
Motion to reject Senate amend-  
ments to post office-treasury ap-  
propriation bill, adopted 323-5, the  
House thereby holding to its re-  
fusal to appropriate funds for free  
postage for government agencies,  
and sending the bill back to a Sen-  
ate-House conference committee for  
further consideration.

SHOP OWNER, 40,  
KILLS SELF AND  
GIRL, 22, IN AUTO

Pittsburgh, May 15 (AP)—A to-  
bacco shop proprietor who wrote his  
wife "I am sorry I have to take  
this way out" shot and killed an  
attractive 22-year-old girl as she  
sat in his car on a lonely road  
Thursday, then took his own life,  
the coroner's office reported.

The bodies of the girl, Eleanor  
Knauff, and the man, Patrick J.  
Napollitan, 40, were found on the  
front seat. Miss Knauff was shot  
in the chest, stomach and abdomen.  
Napollitan was shot in the left tem-  
ple, and a revolver lay on the seat  
close to his left hand, county de-  
tectives said.

In Napollitan's coat detectives  
found a letter addressed to his wife,  
Leota, 37, and dated the day be-  
fore. He told of his inability to  
break off a friendship with Miss  
Knauff—a friendship Mrs. Napollitan  
said began three months ago when  
Miss Knauff went to work in a store  
across the street from her husband's.

"All I can say is that you have  
been a good wife, and for myself, I  
cannot say as much," Napollitan,  
father of two sons, 17 and 15, wrote.  
Mrs. Napollitan said her husband  
"hadn't been the same since he got  
out of a hospital recently." He had  
been moody and worried about a  
heart condition, she said.

Then, she said, she learned he  
"was going with the girl in the  
store across the street," and asked  
them about it. She said she offered  
him a divorce, but both said they  
didn't want that and promised not  
to see each other anymore.

She quoted Miss Knauff as say-  
ing "I don't want him."

"Pacifism A Crime,"  
Says Seminary Head

Pittsburgh, May 15 (AP)—"Paci-  
fism is not a virtue but a crime now,  
however much we may hate war,"  
Dr. John McNaughton, retiring presi-  
dent of the Pittsburgh-Xenia semi-  
nary, told the 18 members of the  
graduating class in his farewell  
commencement address Thursday  
night.

"Hitler and his diabolical partners  
are a challenge to the Almighty,"  
Dr. McNaughton declared, speaking  
in the First United Presbyterian  
church, northside. "An Allied vic-  
tory is foreordained, with the com-  
plete defeat of international desper-  
ados."

Dr. McNaughton, 86, served the  
seminary for 56 years, the last 34  
as president. The Rev. George A.  
Long succeeds him.

she found her wedding ring lost  
20 years ago.

LONG TERMS  
FOR BANDITS

Philadelphia, May 15 (AP)—Long  
prison sentences began Friday for  
six young negroes who, witnesses  
said, were members of the "Bucket  
of Blood" gang which killed a man  
and blinded a woman in one eye  
during a series of purse snatchings,  
holdups and attacks on women.

Another alleged member of the  
gang, Thomas Rambert, 13, one of  
youngest ever tried in Quarter Ses-  
sions court, was arraigned, along  
with Jacob Manns, 16, on a murder  
charge in connection with the kill-  
ing of Patrick Early, 62.

Both were convicted yesterday of  
robbery and assault and battery.  
Manns was sentenced to 25 to 50  
years while sentencing of Rambert  
was deferred.

Also sentenced Thursday follow-  
ing conviction on the same charges,  
were Thomas McClendon, 21, 25 to  
50 years; Marion Miller, 18, John  
Cottrell, 17, and George Cross, 22,  
20 to 40 years each; and Frank  
Brown, 19, 10 to 30 years.

Winkler made another trip to  
the police station. He walked.

Promises Jobs For  
All After Conflict

Harrisburg, May 15 (AP)—Mark  
S. James, director of the new state  
post-war planning commission,  
pledged his best efforts today to  
provide a job for every Pennsylvan-  
ian needing work when peace  
comes.

"The problems that follow on the  
heels of war are so many and com-  
plex and often so new and unfor-  
seen that no man can cope with  
them once they arise," James told  
the Pennsylvania Junior Board of  
Commerce in a prepared speech. He  
added:

"The job then is to prevent them  
from arising, and the one factor  
more than any other in preventing  
these problems is to see that there  
is a useful job at an adequate wage  
for every man who wants to work  
when the war is over."

Man Convicted Of  
Slaying 14 Yrs. Ago

Meadville, Pa., May 15 (AP)—After  
deliberating four hours, a jury con-  
victed Andro Trotto Thursday on a  
charge of voluntary manslaughter  
in the slaying of Philip Poppo during  
a card game 14 years ago.

Judge O. Clarke Kent announced  
sentence would be imposed on May  
24. District Attorney Herbert A.  
Mook said the verdict carried a  
maximum penalty of 12 years im-  
prisonment and \$6,000 fine.

The perseverance of Meadville  
Police Chief E. C. Gibson lead to the  
apprehension of Trotto in a  
Newark war plant last March. The  
chief, who was a patrolman at the  
time of the slaying, traced Trotto  
through alien registration records.  
Trotto pleaded that he stabbed  
Poppo in self defense.

Homogenized  
MILK  
EFFECTIVE MONDAY, MAY 17th

Because It's Rich All Through  
Because It Helps Us Stay Well!

There IS a difference. Homogenized milk has the  
rich top-milk spread evenly through every sip.  
It gives added flavor to the old nutrition standby,  
and the government lists milk as one of the "Basic  
Seven" . . . MUSTS for proper eating. It's more  
important than ever for us to stay strong now,  
we have a war to win. We can't afford days off  
in our home front war against the Axis.

# White Sox Hurler Gives Yanks One Hit In 3-0 Shutout

## ATHLETICS NIP TIGERS BY 7-6 SCORE IN 12TH

By SID FEDER  
(AP) Sports Writer

Old James Joseph Dykes must sit back in his rocking chair out there in the White Sox ball park every once in a while, take an extra-long pull on that big black cigar, and get to thinking about the vagaries of baseball.

What must be especially funny to James Joseph is that here he is, the round man with the cigar who thinks Connie Mack is just about the greatest baseball brain ever to come down the pike; yet, every so often, he picks up some player Mr. McGuillivuddy has cast off from his Athletics—and the cast-off usually becomes as hot as a Garand rifle in Tunisia for the Dykes Chicago circus.

Connie gave up on Bill Dietrich a few years back, and let the Sox take him for the waiver price. Bepctuated Bill only pitched a no-hitter for Chicago and he's still around there.

Hit a "Fluke"  
Two years ago, the Sox picked up another Athletics discard, Lee (Buck) Ross, a strong-armed right-hander out of Norwood, N. C., who has never been good enough even to make baseball's annual "Who's Who." He went under the collective wing of Dykes and his crack coach, Muddy Ruel, and yesterday he paid off. Thrown in against the New York Yankees, most famous of all hitting circuses, Buck limited them to one measly, scratch single of the "fluke" variety as he twirled the Sox to a 3-0 decision.

This was the first whitewash job painted on the Yankees this year, and was easily the standout stunt of a day which also saw likeable Freddy Fitzsimmons, fat and 41, fail in his first pitching job in a year, and four of the afternoon's six games decided in the final inning, two of them in overtime. Two tussles were postponed.

Several of Bucks' teammates and a lot of the fans thought he had his no-hitter when the game ended in Chicago. The only hit off him was a bouncer by Nick Etten in the second inning which glanced off Buck's pitching hand. Apparently a lot of folks thought it had been an error, but there was no argument over it in the press box—it was a hit, scratchy as it was.

Fitzsimmons Fails  
For fat Freddy Fitzsimmons, who went less than four innings and was the losing pitcher as the Pittsburgh Pirates pounded the Brooklyn Dodgers 5-2, the defeat was one of the toughest he's had to take in a big-league career stretching way back to 1925. In the first place, he was given a chance against these "pals" to show whether he still had the stuff to be kept on the Dodgers' active player roster. He served up a two-run home run ball to Bob Elliott in the first, then walked two men and was tagged for a single by another in the fourth frame—and that was curtains.

The New York Giants put on their second-straight ninth inning rally to knock off the Chicago Cubs. This time, after Mel Ott and Ernie Lombardi had hit homers earlier, Sid Gordon singled in the clincher with the bases loaded in the finale for a 3-2 decision.

In the other last-inning spree the Washington Senators shoved three runs across in the ninth to take the Cleveland Indians 3-1 behind Dutch Leonard's nine-hit hurling; Pete Suder put on the squeeze play for the deciding marker as the Athletics nipped the Detroit Tigers 7-6 in 11 frames and rookie Charlie Workman, up from Nashville, whacked a single with the bags loaded in the tenth to give the Boston Braves a 4-3 edge over the St. Louis Cardinals.

## Morgan Knocks Out Lamb In Eighth

Philadelphia, May 15 (AP)—Joe Lamb wasn't knocked out in the second round last night because the bell sounded.

He was knocked out in the fourth, though, because Johnny Morgan, advancing another step along the comeback trail, hit him very hard with a right to the jaw.

Morgan weighed 139½, Lamb 136.

## Fights Last Night

(By The Associated Press)  
San Francisco—George Duke, 150, Petaluma, California, outpointed Cecilio Lozada, 155, Mexico City (8).

Boston—George (Sonny) Horne, 158½, Niles, Ohio, outpointed Larry Pacino, 158, Boston (10).

Worcester, Mass.—Verne Patterson, 151, Chicago, outpointed Eddie Ellis, 149, Quincy, Massachusetts (10).

Hollywood—Charley Burley, 154½, Minneapolis, and Holman Williams, 153, New York, declared no contest after one minute of 10th round.

Portland—Joe Kahut, 165, Woodburn, Oregon, outpointed Roman Starr, 164, Tulsa (10).

## Hagerstown Leads Interstate Loop

(By The Associated Press)  
The Hagerstown club which finished half a game away from the 1942 pennant led the Interstate Baseball league today, undefeated in three games after a 13-5 victory over York last night.

An opening night crowd of 1,800 in the Maryland city saw the game. Lancaster handed last year's champions, the Wilmington Blue Rocks, their first defeat, 8-5, before an opening turnout of 1,900 at Wilmington. Delaware's Governor Walter Bacon threw out the first ball.

Trenton, also opening at home, won its second game of the season with Allentown the victim, 3-0, Petty striking out eight for the Jerseys.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, May 15 (AP)—This is a queer town. . . . The Intercollegiate AAAA (count 'em) track meet today figures to draw only about 4,000 customers because its being held on Randall's island—just a five-minute bus ride from the subway. . . . The same athletes pulled more than 10,000 into the Garden for the indoor championship and it was called a "disappointing" gate. . . . Billy Brown can't run outdoor fight shows at Starlight park this summer because its too close to the Coliseum, which has been taken over by the Army. But Fort Hamilton arena, on an Army post, will have its weekly cards. . . . Difference is that Fort Hamilton shows are run for the soldiers with the public admitted to pay the freight.

REFORMED CHARACTERS  
Headline: "Dodger fans eager for Cards at twilight." . . . But not for high stakes, of course, Mr. Rickey.

ONE-MINUTE SPORTS PAGE  
Lightweight Allie Stolz has been given a medical discharge from the Coast Guard. . . . And his manager always claimed that Allie's various ailments were purely "menholic." . . . Only three of the Chicago Cubs who won in 1938 still are with the club. They're Stan Hack, Bill Lee and Phil Cavarretta. . . . Fred Digby of the New Orleans item missed a perfect record of picking the Derby and Preakness 1-2-3-4 by putting Seven Hearts, who was scratched, third on his Derby list. Fred and Count Fleet now are aiming at triple crowns in the Belmont. . . . Notre Dame's Frank Leahy and Bill Graf, Watertown, New York, high school athletic director, will run a summer camp in the Adirondacks on the Oswegatchie river. . . . Sounds like one of Leahy's "Irish" tackles.

TODAY'S GUEST STAR  
Jesse Lintibium, Baltimore Sun: "Chalky Wright, pound for pound, is one of the greatest fighters to come along in this generation. Some wisecracker may crack that he doesn't belong to this generation."

ARMY VIEWPOINT  
Corp. Vinny Carbone, former West Haven, Connecticut, sports scribe, relays the suggestion that ball players ought to be in "extra-super-duper shape" this season because of rationing of steaks and sundry groceries. . . . If they're not say Vinny, they must be patronizing the black markets. . . . But how about the old baseball theory that steaks are loaded with basehits?

SERVICE DEPT.  
Sgt. Sam West, former Chicago White Sox outfielder, fulfilled a pall-player's ambition when he joined the Army. He's back in his home town managing the ball club—the Lubbock Army Air Field team. . . . Pvt. Artie Dorell, who was one of the better welterweights when he joined the Army, reports that boxing is taboo for the boys who are learning to be fliers at the University of Arkansas—too much chance of broken bones or eye injuries. . . . But, Artie adds, "They're keeping me busy with algebra, geometry, trigonometry, physics and the roughest course in geography I've ever seen."

CLEANING THE CUFF  
Penn will have only a seven-man entry in today's IC-4A track meet because Capt. Pax Gifford received his Navy call a few days ago. . . . There'll be no special "track" buses for Fairmount Park racing fans this summer so the fans will have to hoof it 260 feet from the main highway to the gate. . . . How far they will have to walk to get back to St. Louis depends entirely on the customers themselves.

FORMER COP HELD  
Pittsburgh, May 15 (AP)—Ivan Gruber, a former Beaver policeman, was placed under \$2,000 bond by a U. S. commissioner Thursday on a charge of transporting a young woman from Beaver to Washington, D. C. He surrendered to the U. S. marshal's office when informed a warrant had been issued for him.

## 24-INCH TROUT TAKES PRIZE AT ANGLERS' MEET

By WILLIAM G. SMOCK

Belleville, Pa., May 15 (AP)—A 24-inch rainbow trout won first honors as some 1,000 avid anglers compared catches today after the opening of the special season at famed Fisherman's Paradise on Spring creek, Centre county.

The biggest fish was landed by Jesse Mellot of Hopewell in Bedford county. Runners-up were Mrs. Harold Corbin, of Huntingdon, who bagged a 20-inch rainbow trout, and H. R. Conner of Pittsburgh, who displayed an 18½-inch brook trout.

Boys, women and men over draft age predominated as the two-month season opened. Fishing was good despite muddy and high waters in the rain-swollen creek. Officials predicted better fishing over the week-end.

Fisherman's Paradise  
Fisherman's Paradise is a mile-long stretch of stream maintained by the state game commission to demonstrate what results can be obtained under stringently controlled conditions.

Special regulations govern the sport in the trout fisherman's mecca and the season is limited since the speckled prizes are numerous and eager to bite. Live bait, barbed hooks and wading are prohibited and anglers are limited to 10 fish per trip, only two of which may be kept—the others going back into the stream.

War-time travel restrictions failed to reduce the opening day crowd as much as expected. The approximately 1,000 fishermen compared with 1,225 last year and 1,553 in 1940.

In 1942, a total of 20,133 fish were caught by 16,629 persons. Of the fish landed, 6,448 averaging 14.17 inches in length were killed.

## NYU Favored To Win IC-4A Meet

New York, May 15 (AP)—Thirty-seven other colleges could save a great deal of wear and tear on the railroad system this week-end if they would bequeath the IC-4A outdoor track and field title to New York university by default.

The Violent Violets, already winner of every championship in which they have competed this year, are top heavy favorites to dethrone Penn State, perhaps by a record breaking point total. Only possible challenger is the U. S. Military academy which is entering a full team for the first time.

## Big League Umpire Gets Army Checkup

New York, May 15 (AP)—The war's manpower demands have reached the National league's umpiring staff. Al Barlick, one of Ford Frick's younger arbiters, took his physical examination at a New York board yesterday.

If he passes, Barlick will become the league's first umpire contribution to the armed services.

## Former Pitcher, Actor, In Marines

Hollywood, Calif., May 15 (AP)—Pat Flaherty, former big league baseball pitcher and more recently a movie actor, has joined the Marines as a captain.

He was with the Washington Senators, Boston Red Sox and the New York Giants, and also played pro football as a Chicago Bear tackle.

## Redskins To Play Pre-Season Games

San Diego, Calif., May 15 (AP)—The Washington Redskins, professional football champions, will play at least two pre-season games. Owner George P. Marshall said today.

There will be an intra-squad benefit game for the Shrine's Crippled Children's Fund here Aug. 15. The other contest will be in Chicago Aug. 25, foe uncertain.

## Guldens

Guldens—Mr. and Mrs. William Brandt, York; Mrs. C. E. Good, Harrisburg, and Charles Starnier, Hacksack, N. J., were dinner guests of Mr. and Mrs. John Starnier, Thursday evening. They were all here to attend the funeral of Ronald Mickley.

Pvt. John W. Duttera, son of Mrs. George H. Duttera, who was transferred from Waco, Texas, to Woodward, Oklahoma, several weeks ago and later to Pampa, Texas, is now on detached service with the 96th Service Squadron, Dalhart Army Air Base, Dalhart, Texas.

Cpl. Dale McClell left Wednesday evening to return to his post at Topeka, Kansas, after having spent a seven-day furlough at the home of his parents, Mr. and Mrs. E. K. McClell.

## Midnight Curfew Stops Wrestlers

Philadelphia, May 15 (AP)—The curfew tolled the knell of parting day—Friday, that is—and so the fans never will find out whether Joe Cox can throw the Yellow Mask.

Unless, as might just happen, there should be a rematch of their tussle last night at the arena. Two out of three falls was to determine the winner, and neither had been thrown when midnight—legal deadline for wrestling bouts—put an end to the proceedings.

## Pitt-Minnesota Cancel Grid Tilt

Pittsburgh, May 15 (AP)—The feature gridiron battle between Minnesota university's Gophers and the Pitt Panthers, scheduled at Pitt stadium next October 9, has been cancelled.

The cancellation, announced yesterday at the Western conference meeting at Evanston, was caused by a revision of the league's schedule to provide more games with service teams and to cut down travel.

Pitt's much shifted program now has had four rivals removed and one added. Duke, Minnesota, Southern Methodist and Nebraska are the schools calling off hostilities. Notre Dame was added to open the season in the stadium on September 25.

## BIGLER GAINS 4TH TRIUMPH

Biglerville high scored five runs in the first inning to defeat Boiling Springs 5-0 in a game played Friday afternoon at Biglerville.

The victory was the fourth in six starts for Coach Dale Smith's Cannons.

Ken Lawver hurled the victory for the upper countians, giving up but three hits and whiffing nine batsmen.

Biglerville secured but three hits off Kurtz and W. Myers but managed to combine them with a number of bases on balls in the first frame to gain the decision.

On Tuesday Biglerville will play Dillsburg on the latter's diamond.

## NAZIS USING GIRL GUNNERS IN BIG PLANES

Phoenixville, Pa., May 15 (AP)—A story of girl gunners in Nazi bombers is being told by American soldiers wounded in Tunisia.

"One of the girl gunners shot down near us," said Sgt. Victor R. Woodard of Seymour, Ind., "was a very pretty blonde."

"Girls are small enough to fit into the tail position of German bombers and there is no reason why they can't shoot as well as men."

His story was corroborated by others among the several hundred soldiers—some of them wounded only three weeks ago—who are arriving daily at the Army's new Valley Forge general hospital.

Carried on stretchers from special trains, the men are eagerly asking for latest news of the North African victory.
